

MAPS 4, Special Election Poll

n=406, MoE \pm 4.85%

Fielding from April 24th - May 9th, 2019

Methodology

For this study, we collected a total of four hundred six (406) responses. One hundred nineteen (119) of these responses were collected by live callers via cellphone and two hundred sixty eight (268) via a landline phone. Nineteen (19) responses were collected online via SoonerPoll's own likely voter database. Data collection was conducted from April 24th – May 9th, 2019.

All responses for this study were collected from residents currently living in Oklahoma City. Results are weighted by age and congressional district and stratified to represent the Oklahoma City likely voting population for a special election.

For the phone portion of this research, SoonerPoll's own interviewers, who are predominantly female ages 30 to 60, conducted the survey from Oklahoma City with an interviewer to supervisor ratio of 4 to 1. A one hour training session was conducted prior to fielding the survey and recognized research standards were followed in order to minimize all types of research bias and errors.

Data collection was conducted by SoonerPoll.

The above methodology meets the disclosure standard as prescribed by the Marketing Research Association (MRA).

MAPS4 December Election Poll
April 24th – May 9th, 2019

Sample: Likely Oklahoma City voters for a special election in December (n=406) Margin of Error: ± 4.85%
Weighted by; age and congressional district, stratified to represent the likely voting population for a special election

Introduction:

Hello, I'm _____, and I'm calling from Sooner Poll. Thank you for taking the time to talk with me. Please be assured that we are not trying to sell you anything and your individual responses are confidential.

1. Thinking solely about sales tax in Oklahoma City. In Oklahoma City the sales tax rate is 8.625% with 4.5% going to the State and 4.125% going to the City. People who do not live in Oklahoma City pay approximately 40% of the sales tax collected. Do you think that the sales tax in Oklahoma City is:

1. Too high	164	40.5
2. Too low	7	1.8
3. Just right	215	53.0
4. Don't know/No opinion [DNR]	19	4.7

2. Now thinking about the 1-cent MAPS tax which makes up approximately 25% of the sales tax which goes to Oklahoma City, would you say the MAPS sales tax portion is:

1. Too high	110	27.0
2. Too low	9	2.1
3. Just right	262	64.4
4. Don't know/No opinion [DNR]	26	6.5

Back in 1993, Oklahoma City residents voted to pass the MAPS initiative which was a 1-cent sales tax increase for the purposes of revitalizing certain areas of downtown Oklahoma. In 2001, MAPS was continued as MAPS for Kids which was used for school facility improvements, technology and transportation projects. In December of 2017, MAPS3 funded capital projects including a downtown convention center, senior wellness centers, a 70 acre downtown park and the downtown streetcar. This December MAPS expires and voters will be asked if they want to extend the program for a new group of capital projects.

3. Knowing this, would you SUPPORT or OPPOSE a continuation of the MAPS 1-cent sales tax?

1. Strongly support	174	42.9
2. Somewhat support	77	18.9
3. Neutral/Don't know [DNR]	32	8.0
4. Somewhat oppose	47	11.5
5. Strongly oppose	76	18.7

In the MAPS3 program, the roughly \$800 million collected from the 1-cent sales tax has gone towards building things, or capital spending with none of the money dedicated towards operations and maintenance costs. Once the MAPS3 projects are built, the new operations and maintenance costs are almost exclusively paid from the city’s existing general budget. For example, the streetcar costs approximately \$3 million per year to operate and the new downtown park will cost \$3 - \$4 million per year to operate.

4.	Knowing this, do you SUPPORT or OPPOSE reserving a portion of the 1-cent MAPS tax to pay operations and maintenance costs?		
	1. Strongly support	137	33.8
	2. Somewhat support	95	23.3
	3. DK/Neutral [DNR]	37	9.2
	4. Somewhat oppose	50	12.2
	5. Strongly oppose	87	21.5

Currently, Oklahoma is the only State in the U.S. in which cities are not allowed to use property tax for its general fund, which makes the city particularly dependent on sales tax to fund its city operations such as police, fire, parks, transit and code enforcement.

5.	Knowing this, do you SUPPORT or OPPOSE decreasing the size of MAPS from a full penny in order to spend a portion of the penny on operations of city departments?		
	1. Strongly support	105	25.8
	2. Somewhat support	98	24.2
	3. DK/Neutral [DNR]	42	10.3
	4. Somewhat oppose	60	14.9
	5. Strongly oppose	101	24.9

In order to accommodate room for a full penny of sales tax for the MAPS program, OKC has been running its sales tax rate for the general budget approximately 25% lower than other medium and large sized cities in Oklahoma.

6.	Knowing this, would you be MORE or LESS likely to vote to limit the size of MAPS program and reserve an additional portion of the penny for operations and maintenance of city departments such as police, fire, parks, transit and code enforcements?		
	1. Much more likely to support	109	26.9
	2. Somewhat more likely support	125	30.8
	3. DK/Neutral [DNR]	42	10.4
	4. Somewhat more likely oppose	45	11.2
	5. Much more likely to oppose	85	20.8
7.	Which ratio would you say best reflects what you believe should be the city’s priorities?		
	1. Spend the full MAPS penny on new capital projects	57	13.9
	2. Spend $\frac{3}{4}$ of the MAPS penny on new capital projects and $\frac{1}{4}$ on operations and maintenance	88	21.6
	3. Spend $\frac{1}{2}$ of the MAPS penny on new capital projects and $\frac{1}{2}$ on operations and maintenance	195	47.9
	4. Spend the full MAPS penny on operations and maintenance	6	1.5
	5. Don’t know [DNR]	61	15.0

7a.	[IF OTHER IN Q7] What amount do you believe should be spent on capital projects? [RECORD VERBATIM]		
	1. 0%	2	38.0
	2. 10%	1	12.0
	3. 30%	3	50.0

7b.	[IF OTHER IN Q7] What amount do you believe should be spent on city operations? [RECORD VERBATIM]		
	1. 70%	3	50.0
	2. 90%	1	12.0
	3. 100%	2	38.0

About 30 years ago, a coalition supporting the Zoo collected the required number of signatures on an initiative petition for a permanent 1/8-cent sales tax for capital projects and operations costs for the zoo, which was eventually approved by a vote of the people. This 1/8 dedicated sales tax generates approx. \$14 million for the Zoo.

8.	Would you SUPPORT or OPPOSE a similar measure on the ballot this December for a 1/8-cent sales tax to support the operations and maintenance of our 6,000 acres of city parks? Such a tax could provide more restroom facilities to address the fact that 99% of OKC parks only have port-a-potties, provide activities for children and adults including quality athletic complexes and improve maintenance of our neighborhood parks.		
	1. Strongly support	189	46.4
	2. Somewhat support	94	23.1
	3. DK/Neutral [DNR]	29	7.1
	4. Somewhat oppose	29	7.1
	5. Strongly oppose	66	16.3

9.	Now thinking about the Oklahoma City transit system? Would you SUPPORT or OPPOSE a similar measure on the ballot this December for a 1/8-cent sales tax to support the operations and maintenance of our transit system? Such a funding source could provide for much greater frequency of service, expanded service hours to include evenings and weekends and provide quality bus shelters and other amenities for transit riders.		
	1. Strongly support	140	34.4
	2. Somewhat support	103	25.3
	3. DK/Neutral [DNR]	31	7.6
	4. Somewhat oppose	44	10.9
	5. Strongly oppose	89	21.8

10.	Oklahoma City spends 28% of what a typical Midwestern city spends on park maintenance and the Trust for Public Land ranked our parks 89th out of 100 major metropolitan park systems. Knowing this, would you be more likely or less likely to support a 1/8-cent dedicated funding source for our city parks?		
	1. Much more likely to support	159	39.1
	2. Slightly more likely to support	80	19.7
	3. Slightly less likely to support	45	11.0
	4. Much less likely to support	82	20.3
	5. Doesn't affect my decision on the plan	21	5.1
	6. Don't know [DNR]	20	4.9

The new 70 acre downtown Scissortail Park will cost \$3 - \$4 million per year to operate and the adjacent 10 acre Myriad Gardens Park costs \$4.5 million per year to operate and maintain. This means that two downtown parks totaling 80 acres will receive approximately \$8 million per year, to operate and maintain leaving approximately \$20 million to operate and maintain the 6,000 acres of parks throughout the city’s neighborhoods.

11. Knowing this, would you be more likely or less likely to support a 1/8-cent dedicated funding source for our city parks?

12. Throughout most of the roughly 8 years of the MAPS3 tax, Oklahoma City was the largest city in America without public bus transportation on Sundays and in the evenings. Today OKC has very limited Sunday and evening service on the bus but robust service during these times for the downtown streetcar. Knowing this, would you SUPPORT or OPPOSE spending portion of this MAPS revenue to increase public transportation in Oklahoma City.

22.	Thinking of the MAPS4 election this December, would you rather vote for a package of 6-10 projects as a package with an all or nothing vote or would you rather be able to vote for each of the projects separately?		
	1. Project package as an all or nothing vote	66	16.3
	2. Vote for each project separately	321	79.1
	3. Don't know [DNR]	19	4.6
23.	Given that Oklahoma City has one of the shortest periods in the nation to gather the required number of signatures for initiative petitions, would you support a measure that would allow supporters 6 months to collect the required number of signatures rather than the current 3-month limit. Knowing this, would you SUPPORT or OPPOSE this measure?		
	1. Strongly support	166	40.9
	2. Somewhat support	112	27.5
	3. DK/Neutral [DNR]	34	8.4
	4. Somewhat oppose	37	9.2
